ASTIGMATISM.

What It Is, and How Corrected.

Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the film known as the Cornea. Of course no instrument is sufficient to correct it, but in the hands of a thoroughly efficient and competent eye specialist the ophthalmometer reveals the exact condition of the eye in a way that nothing else can. If your eyes need attention have DR. J. T. JOHNSON to put them under this wonderful instrument. Office hours 8:30 to 12:30; 2 to 6. 302 1/2 S. Elm St.

ATTRACTIONS NEXT WEEK.

Something Every Night at the Academy of Music.

In the advertisement to be seen in another column a full list of the entertainments for next week will be found. Commencing with Tuesday night, the Greensboro Dramatic Club will hold the boards in the laughable farce comedy, "The Diplomats." The selection of this funny play for such an occasion was a very clever thought. Not only is the comedy exuberantly funny, but the parts are so suited to the members of the club as to give each a great opportunity of showing to the best advantage.

Wednesday night, Bertram and Willard's pretty military play, "Captain Dick," will be presented by the Eagle Dramatic Club. Their recent admirable performance of this play is still in the minds of those who saw it, and as there will be so many visitors who have appeared in, or witnessed it, in their respective towns, its selection will be a pleasing one to them. The fact that it is given for the benefit of the Ladies Aid Society of Centenary M. E. Church will add to its prospects. The Gate City Band, in full uniform, and the Greensboro Orchestra will also be featured.

Thursday night, the attraction has been secured, but will be announced later.

Friday night the Winston Hook and Ladder Company's Dramatic Club, in Bertram and Willard's Realistic American Comedy Drama, "The Midnight Fire." Nothing more appropriate than an exciting play of this kind could have been secured. The Winston club give an admirable performance of the play. "The Ruben Road Whangdoodles," and a large detail of firemen add much to the interest of the entertainment. Greensboro people will feel unusually interested in the appearance of the Winston company, remembering so kindly their recent response to their call for help. The prices of admission will be for any performance 35c; reserved seats 50c. Plan opens at J. B. Fariss' drug store Monday morning, July 31. Performances will conclude each night in time to catch night trains.

CAPT. JAS. D. McNEILL.

President of State Firemen's Association Here on Business.

Capt. Jas. D. Neill, of Fayetteville, president of the North Carolina State Firemen's Association, came up yesterday afternoon to confer with the local officers in the interest of the firemen's tournament which opens here tomorrow week. He returned home at noon today.

Capt. McNeill said that the Greensboro tournament would undoubtedly be the most largely attended and most successful ever held in the state if not the biggest thing of the kind ever held in the south. He said he had either talked with or heard from nearly every fire department in the state and that every one would have a full representation at the tournament. He was much pleased with the elaborate preparations Greensboro has made and is making and looks forward to a grand old time when the festivities begin.

General Wade Hampton Here.

General Wade Hampton, the distinguished and venerable Confederate soldier, of South Carolina, spent several hours in the city Saturday afternoon and evening, having come up from Wilmington in a private car attached to the Atlantic & Yadkin passenger train. General Hampton has been spending some time at Wrightsville Sound, the guest of Col. Wharton J. Green, at the summer home of the latter's son-in-law, Mr. Pembroke Jones. The general left here on the 9:52 train Saturday evening for Virginia to spend some time for his health. A number of people, among them being some of his old comrades and followers, shook his hand while he stopped here.

Tennis Tournament.

Following is the program as arranged for the tennis tournament to be held here next week. Playing will begin at 4 o'clock p. m., August 4. Entries close at 12 o'clock same day and drawing for opponents to be made immediately thereafter. No entrance fee charged. The events and prizes are as follows:

First Event—For championship of North Carolina in doubles. Open to all comers. Prize—Rim Racket for each member of winning team.

Second Event—For Boys' State championship in doubles. Open to boys under 15 years of age. Prize—Sloum Jr. Racket for each member of winning team.

Watermelon Feast.

The young ladies of the West End Auxiliary will give a watermelon feast on the lawn of Mrs. W. G. Jackson, Wednesday evening, July 28th, for the benefit of the West End Hose company.

The Gate City Band has kindly consented to furnish music for the occasion. Let all come and help make it a success.

THE BOUNDARY QUESTION.

What Do Sir Charles Tupper's Words Mean?

MATTERS BEGIN TO LOOK UGLY

Drifting Toward a Serious Diplomatic Collision Which Great Britain Wants to Avoid.

By Cable to THE TELEGRAM.

London, July 24—The St. James Gazette denies that Sir Charles Tupper and Sir Wilfrid Laurier ask for the adoption of a quieter style of dealing with the boundary question. It says that if Tupper's words mean anything they mean an ultimatum which will be war. It further says that as things are going they are drifting into a very serious diplomatic collision with the United States, which Great Britain earnestly desires to avoid.

THREE PERSONS KILLED

By Lightning at a Gymnastic and Bicycle Tournament.

By Cable to THE TELEGRAM.

Berlin, July 24—Three persons were killed and a hundred were prostrated by a flash of lightning yesterday at the gymnastic and bicycle tournament of the Polish societies in Charlottenburg. A thousand people were present when lightning struck a flagstaff. Besides the killed and seriously hurt twenty-five were slightly injured.

THE NEW BENBOW HOUSE.

Said That Work Will Begin in About Ten Days.

The Telegram is informed (and it thinks reliably) that the work of rebuilding the ruined Benbow will be begun in about ten days and that the hotel will be completed as quickly as the work can be done. It is the true Benbow House will soon be open to guests again, with better accommodations than ever before. We are told that the new building will be about the same size as the old, but constructed on a more modern plan and fully equipped with modern conveniences. It is understood that the main entrance will be in the south east corner which will be made as attractive as possible. The building will be equipped with passenger and freight elevators.

But just wait!

Pied Piper.

The Pied Piper of Hamelin to be given next Friday night 28th inst., for the benefit of the "Orchestra," is a beautiful thing both to the eye and to the ear. It is well costumed and some of the situations are exceedingly dramatic and tragic. The music is charming and a full orchestral accompaniment makes it doubly interesting and entertaining.

There will be nearly a hundred engaged in its production, including about forty children, not to speak of an innumerable number of rats.

We are sure that all who will come will be well entertained, and a good attendance will set the orchestra firmly on its feet. Notice will be given tomorrow of price of tickets and place of sale.

Special Prizes.

Secretary Griffith, of the state firemen's association, today received three special prizes to be presented at the coming tournament. They are: a hose nozzle, presented by the Fabric Fire Hose Company, New York; a fireman's lantern, presented by the Greason & Bailey Manufacturing Co., New York; and a fire chief's rubber coat, presented by S. F. Hayward, of New York.

It has not yet been decided what these prizes will be presented for. They are on display in the window at Will. H. Matthews & Co.'s store.

Rev. C. E. Hodgkin.

The series of meetings conducted by Rev. C. E. Hodgkin, of Greensboro, at the Presbyterian church last week, closed with the Saturday morning service and Rev. Mr. Hodgkin returned to his home Saturday evening. Though young in years and in the ministry, Mr. Hodgkin has proven himself a preacher of far more than average ability. His sermons here showed a depth of thought and practical illustration that must have made them instructive to all—Milton Herald.

First Church's New Organ.

The contract for the new organ for the 1st Presbyterian church has been closed with Hock & Hastings, of Boston. The cost will be about \$3,675. It is to be ready for use in November.

This will be one of the finest organs in the state. It will have two banks of keys and over fifteen hundred pipes and be run by water power. There will be two car loads of it.

Attention Bikers.

All persons who expect to take part in the bicycle parade will please give their names at once to H. C. Berger.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU } HIGH POINT, N. C., July 25.

Miss Hattie Hicks, of this city, left yesterday morning for a two months visit to her mother at Mt. Airy.

C. E. Kellum spent Sunday in Greensboro.

S. Perry, fireman, whose headquarters is at Spencer, arrived in the city yesterday morning for a visit to his mother.

John Smith, of Bessemer City, spent Saturday night with his parents here, Mr. and Mrs. Donahue Smith, returning home yesterday morning.

Miss Bertha Snow returned from Mt. Vernon Springs Saturday morning.

C. P. Harrington, of Greensboro, has accepted a position with High Point machine works. He is in good hands.

John Farlow, of the Chi Far consolidated gold mining company, located near Gibsonville, tells us that the company will begin work about the first of August.

Mr. and Mrs. W. J. Armfield returned last night from Tate Springs, Tenn., where they have been spending several days.

W. D. Eckernocle, of Indianapolis, and S. H. Bodagher, of New York, were city guests yesterday.

Albion Mills attended the reception tendered the Home Lyceum by Mrs. Dan Moore at her home in Jamestown the other night and while there came in contact with poison oak, which caused his face and hands to break out and swell considerably. He looks bad and experiences a good deal of unpleasantness from the poisoning.

The funeral of Mr. D. T. Lambeth, at Thomasville yesterday, was very largely attended. The deceased was well and favorably known for miles around, having lived in Thomasville since early manhood. Several people attended from this place. The funeral services were held in the M. E. church, conducted by Rev. Rich, of the Baptist orphanage. The Methodist pastor was absent.

Cy Wheeler had the misfortune to lose his horse this morning. He had been sick a few hours and while leading him to the stable fell dead just outside the gates on the railroad crossing. We sympathize with Cy in his loss—the horse was a fast traveller.

We are requested to announce that an excursion will be run from Asheville to Wilmington sometime next month coming through here and going by way of Greensboro and Goldsboro.

Miss Affie Harris who has been visiting relatives and friends here for a month or more, returned to her home in Hickory Saturday evening, to the regret of her host of friends and acquaintances.

Mrs. Ida Beeson, of Greensboro, spent the day in the city with her mother, yesterday.

Lindsay Hopkins, of Reidsville, who travels for the Atlantic Refining Co., Cleveland, O., is spending a few days in the city. He is stopping at the Bellevue Hotel.

The painters are at work on the new residences of A. A. Clinard on Main street, and A. B. Sapp on East Washington street.

It was a treat for us to see W. W. Graham, a drummer from Chester, in the city Saturday. This individual is a curiosity within himself. His weight is 375 pounds, and he looks every bit of it. As he got on the train the conductor looked at him a while and then at the door, as if to say—don't know whether you can make it or not. It was a tight squeeze.

The families of J. J. and J. C. Welch, and Misses Jessie Pickett and Veva Idol, and Rev. W. R. Lowdermilk will leave in covered wagons for the mountains tomorrow. They will carry the necessary provisions along and will make a typical, old fashioned overland trip. We know it will be enjoyed by all.

The Ladies Missionary Society of the Baptist church will give a social at the church tomorrow afternoon at 4 o'clock. Each lady member of the church is especially invited to attend.

Rev. Dr. J. B. Richardson, pastor of the Baptist church, will assist in a protracted meeting in Stanley county this week.

The Greensboro district conference convenes at Holt's Chapel Wednesday morning at 9 o'clock. Rev. J. R. Scroggs, pastor of the Methodist church here, will preach the opening sermon. The conference will be in session a week.

Notice to Pythians.

A full attendance of the members of Greensboro Lodge No. 80, K. of P., is requested at the regular meeting in castle hall tonight.

A STREET CAR DYNAMITED

Violence Attending the Street Car Strike.

FOUR PERSONS BADLY INJURED.

Battery to Be Called Out—No Arrests Made—No Hope for the Recovery of the Four Injured.

By Wire to THE TELEGRAM.

Cleveland, July 24—The city is in a state of the wildest excitement today over the developments of violence attending the street car strike. Battery "A" light artillery will, it is believed, have to be called out to successfully check the riotous element. There is no hope for the recovery of the four persons who were injured last night in the dynamited car. No arrests have been made so far, but the police have what they believe is a good clue in tracing the carriage which brought the men to the spot where the explosion occurred.

There is marked quiet this morning succeeding last night's rioting, and cars are running on a dozen lines of the big consolidated system. There are few passengers. The omnibus lines in operation by many of the big consolidated lines are well patronized.

The city authorities consulted all night and this morning called out more troops. All the available military force in the city was under arms early this morning. There are now about eight hundred out, which is considered sufficient. If it is not enough the governor will be asked for state troops.

"FIGHTING" JOE ENBARKS.

Sailed Today For the Philippine Islands.

By Wire to THE TELEGRAM.

San Francisco, July 24—The transport Tartar sails today at eleven o'clock and carries nineteen hundred men for the Nineteenth regiment, the first to be recruited under the new organization, 128 to the company. General Joe Wheeler and daughter are passengers on the Tartar.

The Ancient Voodoo.

By Wire to THE TELEGRAM.

Chattanooga, July 24—The negroes in this vicinity have inaugurated the ancient voodoo dance, and the entire negro community has gone wild. The negroes have congregated from as far as Alabama and Mississippi to participate in the weird exercises and worship. The city is full of excited colored people who were drawn here by the news sent out.

Messenger Boys Strike.

By Wire to THE TELEGRAM.

New York, July 24—Despite the decision of a majority, thirty of the American District messenger boys went on a strike today. A hundred and fifty postal boys also struck. Western Union Messengers said they would strike at eleven o'clock. The American District people say they will not be inconvenienced by the strike. Three hundred postal boys are now on a strike. The collar uniform grievance is the principal cause of the strike. There is evidence that the strike will grow if the demands are not heeded.

The Contract Awarded.

By Wire to THE TELEGRAM.

Washington, July 24—The engineer and officer in charge of the river and harbor work in New York have been instructed to let the contract for improving the Bayridge and Red Hook channels to Hughes Bros. and Bangs, of Syracuse, in accordance with the bids submitted on the nineteenth of the month.

The New War Secretary.

By Wire to THE TELEGRAM.

Washington, July 24—The new War Secretary, Elihu Root, is expected here this afternoon and will spend his first night at the white house. It is not improbable that Mr. Root will in the near future be made colonial secretary.

Details Made Public.

By Wire to THE TELEGRAM.

Washington, July 24—The war department today made public the details of the Byrnes fight in Negroes Island. Killed, 30 insurgents, including the leader. Two casualties in Byrnes' force.

When Dewey Will Arrive.

By Wire to THE TELEGRAM.

New York, July 24—Mayor Van Wyck has received a cablegram from Admiral Dewey stating that he expects to arrive in New York October 1st. He will cable definitely from Gibraltar.

Ingessoll's Body.

By Wire to THE TELEGRAM.

Dobb's Ferry, July 24—The body of Col. Robert G. Ingessoll has been embalmed and will undoubtedly be cremated. No arrangements have yet been made for the funeral.

EXCURSIONS GALORE.

Three in One Day and One Fight Recorded.

Three excursions passed through Greensboro today, their starting points and destinations being as follows: One from Burlington to Charlotte, for white people; one from Reidsville to Charlotte, for colored people and one from Danville to Winston, for colored people.

A fight occurred while one of the colored excursions stopped here. Ben Brown and John Farris, two of the passengers, had a little misunderstanding and the former, not liking the idea of a hand to hand combat, decided to slay John from a distance. Accordingly, he secured a rock and hurled it at his opponent and fled. John and Policemen Jeffries and Pearce, gave chase and ran their man into the Piedmont House, where, without notifying the clerk, he took a room and quickly took off his red shirt, hoping, perhaps, to thus elude his pursuers. He soon bounded back down the steps and up South Elm street and was finally captured in McDuffie's furniture store.

P. S. Officer Jeffries lost two dog checks in the chase, for the return of which he would be thankful.

MISS EMMA FULFORD DEAD.

Life of Suffering Ended at 10:30 O'Clock This Morning.

At the home of her sister Mrs. W. B. Bogart, at 10:30 o'clock, occurred the death of Miss Emma Fulford.

Miss Fulford, who was about 35 years old, had been an invalid from childhood and during her life had suffered almost continually. She was a member of the Episcopal church and a faithful, devout Christian. She had lived with Mrs. Bogart for eleven consecutive years, during all of which time she was confined to her bed. Tomorrow morning the remains will be taken to Newbern, the former home of the deceased, for interment. There will be no funeral services held in this city.

Being Remodeled.

The Jones building, on the corner of South Elm and Depot streets, formerly occupied by R. P. Gorrell's saloon, is being provided with new shelves and fixtures, preparatory to its occupancy by a grocery firm. The building has not yet been rented, but it is probable that Mr. J. W. Jones, the owner, will increase his retail business and occupy this store and the one adjoining.

L. Wn Party Called Off.

The South Side Hose Company have decided to annul their lawn party, which it was proposed to give on the court house square, on Tuesday night of gala week. The members of the company have so much to do in preparing for the gala week festivities that they could not find time to make the lawn party a success—and the South Siders will not do things by halves.

THE GALA WEEK.

Only one week now remains in which to prepare for the coming great event, the Firemen's Tournament and Gala Week. One week from tomorrow the ball will roll, the music will start and if you want a seat in the band wagon there is no time to be lost in engaging it.

There is yet much to be done, though the committees have been working faithfully, and matters are in pretty good shape. One thing, however, needs most thorough and careful consideration, and that is the matter of preparing to accommodate the immense throngs that will be here, with board and lodging during the week. Since the destruction of the Benbow by fire our hotel accommodations are limited, as all are aware, and unless private citizens generally open their homes on this occasion the city will suffer in reputation. Many have already signified a willingness to do this, but at this time there are not half enough to supply the demand that will be made upon us.

There should be a thoroughly organized bureau of information with headquarters at the depot, with a complete and accurate register of all who will take boarders and the number each one can accommodate, so that on the arrival of trains parties can be located. If this is not done there will be much complaint and confusion.

The people are coming. They are coming in large numbers from all over the state and from out of it. So many people come to Greensboro that ordinarily, even when the Benbow was in full blast, our hotels were hardly sufficient to accommodate the crowds. The coming event will be an exception, a big exception, and with the unfortunate loss of the Benbow we will be hard pressed to take care of the people. But it must be done, and it can only be accomplished through the opening of private homes. A few of them will not suffice. Not time be lost in the matter of a perfectly organized and equipped bureau of information.

We would impress upon all citizens the importance of co-operating with the sanitary officer in carrying out the health laws of the city. It is reported that in some sections of the city where there is no sewerage sewer pipes are emptied into open ditches and ravines. This is in direct violation of the health regulations of the city and the parties so offending should be required to immediately stop it. It is said that some of these places have been located and that the practice continues. If this is true and the parties owning the property where such nuisances emanate have been notified by the proper officer, then the penalties of the law governing the same should be enforced. This is a matter of grave importance and as in other matters the city should be no respecter of persons. Let the health officials be unremitting in their vigilance. There is, perhaps, no other department of the city government fraught with so grave responsibilities.

Among the prominent southern men at the Riggs House is Hon. Hoke Smith, ex-secretary of the interior during Cleveland's last administration. Mr. Smith is as much opposed to silver as he was before the campaign of 1896, although he gave his support to Bryan during that campaign, and in consequence was forced out of the Cleveland cabinet. Mr. Smith upon being asked his opinion in regard to the report that the question of silver would be merely "mentioned" in the next national democratic platform, replied "that will be mentioned enough."

Mr. Smith is much opposed to the policy of the president towards the Philippines and stated in his forcible manner that the administration would not be able to put them down, as he is opposed to the spreading of philanthropy with a galling gun. He says if the next presidential campaign is fought out solely on the issue of continuing the "invasion" of the Philippine Islands by an armed force the opposition to McKinley would win by a big majority.

Mr. Smith announces that he is out of politics, and takes but little interest in purely political matters. Hon. Richard Kerns, the well known republican leader of Missouri, is at the Shoreham Hotel, being here on personal business, it is stated. Mr. Kerns thinks that McKinley will receive the delegation of Missouri at the next convention, and that the national convention will endorse his policy and give him a renomination. Mr. Kerns says that the democrats in his section of the country are divided on expansion, many of the democrats favoring the policy of McKinley. He does not think, however, there is much hope of the republicans carrying Missouri next year.

Representative Jones was in the city Saturday. He says that if Senator Martin's loss in the other nine congressional districts of Virginia equal

raising is to our mind the most attractive form of farming. Can it be done profitably in Guilford? If so it means better farms, better stock, better buildings and better roads. In fact blooded stock appeals to and requires the attention of the best ideas of the farmer and stock raiser.

Elihu Root, the newly appointed successor to Russel A. Alger as Secretary of War, made haste, it seems, to signify to the president a willingness to accept the position. We are glad, on account of the gentleman's name, if nothing else. We have been appalled at the reckless drift of things connected with the present administration, particularly the war department, and were thinking it about time for Mr. McKinley to "grab a Root."

If the through freight service of the Southern could be sent around outside the city limits it might relieve the congestion of traffic that often occurs at the South Elm street crossing.

HON. HOKE SMITH'S OPINION

About Spreading Philanthropy With Galling Guns.

WHAT SENATOR PRITCHARD GOT

While in Washington Saturday—The Two Army Appointments For North Carolina.

Special to THE TELEGRAM.

Washington, July 24.—Senator Pritchard, of North Carolina, was in the city Saturday stopping at the Ebbitt House. The Senator went to the white house during the morning and spent a little time with the president. He also visited the war department and other executive departments in the interests of his constituents. The Senator's visit to Washington this time was fraught with some good results to the state of North Carolina. The president regards Senator Pritchard very highly, and the latter usually gets about what he wants from the white house. He secured yesterday two good army appointments. They are those of Captain John A. Wagner, of the 1st North Carolina volunteer regiment, who is to receive a commission as captain in the regular army, and Lieutenant E. L. Gilmer, of the same regiment, who will also be commissioned a captain in the regular army. Both of these officers are worthy young men, and have performed excellent work in the volunteer service of the country during the late hostilities with Spain.

Senator Pritchard yesterday disposed of the rumors regarding himself, Governor Russell and Judge Ewart. It can be stated now positively that the senator will not retire from the senate unless something unexpected happens until the expiration of the term for which he was elected. Russell will remain in the gubernatorial chair and Senator Pritchard, who has been a warm supporter of Judge Ewart, expects to see the latter confirmed at an early date after the assembling of the senate. Butler has not let up in his opposition to Ewart in the slightest degree, but Senator Pritchard believes that he cannot hold off confirmation as he has done during past sessions.

Senator Pritchard says that McKinley will get the North Carolina delegation to the national republican convention.

Among the prominent southern men at the Riggs House is Hon. Hoke Smith, ex-secretary of the interior during Cleveland's last administration. Mr. Smith is as much opposed to silver as he was before the campaign of 1896, although he gave his support to Bryan during that campaign, and in consequence was forced out of the Cleveland cabinet. Mr. Smith upon being asked his opinion in regard to the report that the question of silver would be merely "mentioned" in the next national democratic platform, replied "that will be mentioned enough."

He says if the next presidential campaign is fought out solely on the issue of continuing the "invasion" of the Philippine Islands by an armed force the opposition to McKinley would win by a big majority.

Mr. Smith announces that he is out of politics, and takes but little interest in purely political matters. Hon. Richard Kerns, the well known republican leader of Missouri, is at the Shoreham Hotel, being here on personal business, it is stated. Mr. Kerns thinks that McKinley will receive the delegation of Missouri at the next convention, and that the national convention will endorse his policy and give him a renomination. Mr. Kerns says that the democrats in his section of the country are divided on expansion, many of the democrats favoring the policy of McKinley. He does not think, however, there is much hope of the republicans carrying Missouri next year.

Representative Jones was in the city Saturday. He says that if Senator Martin's loss in the other nine congressional districts of Virginia equal

his loss in his (Jones') district, that Tyler's election to the United States senate is not so hopeless as most people imagine.

Representative Oley, of Virginia, who attended the meeting of the democratic national committee at Chicago, was in Washington Saturday, stopping over here enroute home. He says that Bryan, free silver, and anti expansion sentiment are growing every day. He says Martin will be re-elected senator.

Among North Carolina people in Washington are J. H. Holt; T. P. Klutz; C. H. Cline; J. M. Sherrod, of Rocky Mount; P. L. Gladstone, of Hamilton; and D. J. Sinclair, of Greensboro.

Mr. A. Saunders, writing from Coconaut Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best medicine they ever used. For sale by C. E. Holton.

McLaurin Next Senator.

Jackson, Miss., July 22.—Returns from the primaries held in Mississippi prove beyond a doubt that Gov. McLaurin will be the next senator from Mississippi. Up to the present time McLaurin has eighty-two instructed votes to his credit and only ninety are necessary to elect. A recapitulation of the counties that are yet to hold their primaries give assurances that McLaurin is certain of eighteen votes and has a fighting chance in eight counties that are considered by the conservatives as doubtful.

"Private" John Allen, the opposing candidate, has thirty-eight votes.

Mrs. Henpeck—"Baby is growing to resemble me more and more every day." Henpeck—"Yes; I've noticed lately that he doesn't appear to want to keep quiet a single instant."

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by C. E. Holton.

She—"H! let you have a kiss will you promise never to tell any one?" He—"Yes; I'll never repeat it." "Oh! if that's the case you can't have it."

Gun-shot wounds and powder-burns, cuts, bruises, sprains, wounds from rusty nails, insect stings and ivy poisoning—quickly healed by DeWitt's Witch Hazel Salve. Positively prevents blood poisoning. Beware of imitations. "DeWitt's" is safe and sure. Howard Gardner.

Cholly—"That fellow D'Auber poses as a man who knows all about a t, but I noticed that he didn't open his mouth when I started a discussion on the subject." Miss Cutting—"You're mistaken, Mr. Softleigh. I saw him yawning frequently while you were talking."

DeWitt's Little Early Risers benefit permanently. They lend gentle assistance to nature, causing no pains or weakness, permanently curing constipation and liver ailments. Howard Gardner.

Is It Right for an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this remedy in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by C. E. Holton, druggist.

A Mother's Duty

It is to see to it that her children begin early in life to shampoo their heads regularly once a week. In each instance, after the hair is thoroughly dry, some mild, health-giving tonic should be applied to the scalp to aid nature in creating the best possible growth of uniformly colored, lustrous, healthy hair—the most important feature in the makeup of beautiful women and handsome men. For more than fifteen years, the

7 Sutherland Sisters' Scalp Cleaner

has stood at the apex of all shampoo washes, while the "Hair Growers" has been equally successful in its efforts to return the injured scalp and almost lifeless hair to their original healthfulness. SOLD BY DRUGGISTS.

THE SAPHIRE COUNTRY.

Along the cool southern slopes and table lands of the Blue Ridge mountains in Western North Carolina, at an average altitude of 3,000 feet, is a country full of delightful surprises to the tourist, sportsman and health-seeker. No other state contains so many clear, cold and wonderful picturesque streams, so many grand water falls, such wide sweeping mountain views, and such beautiful lakes as the Sapphire Country, where until recently there was no provision made for the accommodation of visitors to this delightful section. Now, however, entertainment is offered on Lake Sapphire, Lake Fairfield, and on the summit of Mt. Toxaway, the view from the lodge there being the most extensive of any mountain point of vantage in North Carolina.

Parties desiring to visit this beautiful country can purchase round trip tickets to Brevard, N. C., via Hendersonville, where coaches convey you over good roads making the drive one of extreme pleasure. For full information call on any agent Southern Railway, or write R. L. Vernon, traveling passenger agent, Charlotte, N. C., or W. A. Turk, general passenger agent, Washington, D. C.

ADMIRAL DEWEY

LIKES IT....

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides; no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at C. E. Holton's drug store.

"Titled." "What! \$7 a dozen for photos? I can't stand for any such price as that." Polite Photographer—"No, sir; you can't. Our price for full length pictures is \$7."

A diseased stomach surely undermines health. It dulls the brain, kills energy, destroys the nervous system, and predisposes to insanity and fatal diseases. All dyspeptic troubles are quickly cured by Kodol Dyspepsia Cure. It has cured thousands of cases and is curing them every day. Its ingredients are such that it can't help curing. Howard Gardner.

"It's always advisable," says the Manayunk Philosopher, "for a young man to have serious thoughts of matrimony, because if he doesn't remain a bachelor he's bound to find out that it's no joke."

ECZEMA

Itching, Burning Skin, Sores, Scabs, Pimples, Red and Raw Skin, and Eruptions that Boil and Itch.

Caused by Bad Condition of the Blood.

Cured by Eczema Balm (E.B.B.).

Sample Bottle sent Free.

If you have tried doctors, salves, washes, external and internal remedies, and still have Eczema, Tetter, Scald Head, Salt Rheum, then E.B.B. will cure you by literally driving the impure blood out of the body, and the entire system, and this is the only perfect cure. Other remedies fail to cure because they fail to drive the bad blood out. E.B.B. is an internal powerful blood remedy that is meant to be used only after all else fails.

HAVE YOU itching, burning, scaly, crusted, or sore skin, or any of the above conditions? If so, you will find relief from Eczema Balm (E.B.B.), which will cure you, leaving the skin free from blemishes, sores, or itching of any kind.

Chronic Eczema is a severe form of skin inflammation with great redness and a raw surface. It may last for years with intervals of partial recovery, but easily returning. It often attacks the ears and the face, and the scalp, and the whole skin of the body, and is a most distressing and painful condition. We know of six cases like this cured by E.B.B. during the past year (1907).

Any form of Eczema is due to diseased blood. Out of the blood comes the skin, and if the blood is impure, the skin will be diseased. E.B.B. is perfectly safe to take by old or young, and acts as a fine tonic.

Eczema on Children. When teething, children are very frequently afflicted with Eczema. Sores and eruptions break out on the face, neck, and skin. Give the child small doses of E.B.B., and the sores will soon heal.

Sample Bottle Free. Send 2 stamps for free sample bottle of E.B.B. which will cure you, leaving the skin free from blemishes, sores, or itching of any kind. Blood Balm Co., Atlanta, Ga.

A Cheap Trip to the Pacific Coast.

The National Educational Association meeting at Los Angeles, Cal., is the occasion for the Southern Railway to put on the remarkably cheap rate of One Fare for the Round Trip (plus \$2.00 Association Membership fee). This, in connection with the new Pullman Tourist Sleeping Cars, operated over the Southern Railway and the Southern Pacific, a double berth in which costs only \$7.00, renders possible the cheapest and most enjoyable trip of the season. A particularly pleasant feature of this trip is that the tickets are good going one way and returning another; i. e., going via New Orleans and returning through Salt Lake City and Colorado; or by the payment of \$12.50 additional, the trip may be made returning through Portland, Ore.

Stop over privileges are allowed at El Paso or any point west thereof, on the going trip, and at any point west of Denver and Colorado Springs on the return trip. By this means passengers are afforded the opportunity of seeing the entire Pacific Coast. Side trips are arranged at nominal cost from Los Angeles and San Francisco to all points of interest in California. Further information may be obtained from any agent or representative of the Southern Railway, or from

Even to a casual observer it is manifest that each one of the instructors is deeply interested in his work; while those under them are enthusiastic, attentive and eager to grasp every truth uttered which may be of some benefit to them hereafter.

The names of the lecturers who have thus far been secured with their dates are as follows: Prof. P. P. Claxton, July 25; Prof. J. Y. Joyner, July 27; President McIver, July 31; Prof. W. T. Whittear, August 2.

Tonight in the chapel of the college there will be some literary exercises in the form of welcoming addresses to the teachers attending the summer school. To these exercises the public is given a cordial invitation to be present.

Tomorrow night at the same place Prof. P. P. Claxton, of the State Normal and Industrial School, will deliver an address upon some phase of the educational question.

As Prof. Claxton has the reputation of being a very entertaining speaker, let every one who can turn out to hear him.

All the literary exercises at night will begin promptly at 8:30 o'clock.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

The Dahlgren a Fast Boat.

Bath, Me., July 22.—The torpedo boat Dahlgren, in a trial on the Kennebec river today, developed the highest speed ever attained by a vessel in the American navy. While the contract calls for 304 knots per hour on official trial, she made 29.76, nearly reaching the government's requirements. She made one mile in one minute and forty-five seconds. The trial was made on a course where the water is less than thirty-five feet deep. Experts claim that to get the best results the water should not be less than seventy feet.

"What might have been"—if that little cough hadn't been neglected—is the sad reflection of thousands of consumptives. One Minute Cough Cure cures coughs and colds. Howard Gardner.

Hoax—"Guzzler has got a job as engraver in the treasury department." Joax—"Is he making good money?" "Well, I've never heard anybody question the quality of the money that the government turns out; have you?"

Remarkable Rescue

Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine would cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking six bottles, found her cough and wheezing now does her own housework, and is as well as she ever was.—Free trial bottles of this Great Discovery at C. E. Holton's drug store. Large bottles 50 cents and \$1.00.

Johnson & Dorsett's

Doctors Can't Cure It!

Contagious blood poison is absolutely beyond the skill of the doctors. They may dose a patient for years on their mercurial and potash remedies, but he will never be rid of the disease; on the other hand, his condition will grow steadily worse. S. S. S. is the only cure for this terrible affliction, because it is the only remedy which goes direct to the cause of the disease and forces it from the system.

I was afflicted with Blood Poison, and the best doctors did me no good, though I took their treatment faithfully. In fact, I seemed to get worse all the while. I took almost every so-called blood remedy, but they didn't seem to reach the disease, and had no effect whatever. I was discouraged. I was told that I would never be cured. At the advice of a friend I then took S. S. S., and began to improve. I cured myself completely, building up my health and increasing my appetite. Although this was ten years ago, I have never yet had a sign of the disease to return.

W. B. NEWMAN, Staunton, Va.

It is like self-destruction to continue to take potash and mercury; besides totally destroying the digestion, they dig up the marrow in the bones, producing a stiffness and swelling of the joints, causing the hair to fall out, and completely wrecking the system.

S.S.S. For the Blood

is guaranteed Purely Vegetable, and is the only blood remedy free from these dangerous minerals.
